

Zynerba Pharmaceuticals Announces Oral Presentations at the Virtual American Academy of Child and Adolescent Psychiatry (AACAP) 2020 Annual Meeting

October 8, 2020

DEVON, Pa., Oct. 08, 2020 (GLOBE NEWSWIRE) -- Zynerba Pharmaceuticals, Inc. (NASDAQ:ZYNE), the leader in innovative pharmaceutically-produced transdermal cannabinoid therapies for rare and near-rare neuropsychiatric disorders, today announced the acceptance and oral presentation details of two sets of data at the virtual American Academy of Child and Adolescent Psychiatry (AACAP) 2020 Annual Meeting. The oral presentations will take place during the "Research Pipeline: New Findings on Diagnostic and Therapeutics" session. The AACAP annual meeting is being held virtually from October 12th through October 24th, 2020. A copy of the slides will be made available on Friday October 23rd at the time of presentation on the Zynerba corporate website at <http://zynerba.com/publications/>.

"We are honored to be invited to provide two oral presentations at the virtual AACAP annual meeting to further describe the important responses to Zylgel observed in clinical trials in children and adolescents with Fragile X syndrome (FXS) and autism spectrum disorder (ASD), respectively, including data reported by parents and caregivers," said Joseph Palumbo, MD, FAPA, MACPsych, Chief Medical Officer of Zynerba. "On behalf of participating families and investigators, we look forward to sharing these results with the AACAP scientific community."

Friday, October 23rd, 2020 from 2:00 to 4:00 PM EDT
